

Westerham as an age friendly town – how are we doing ?

An age friendly community is a place that enables people to age well and live a good later life. Age friendly communities enable people to stay living in their homes, participate in the activities they value and contribute to their communities for as long as possible.

Westerham Town Council is keen to build on existing age friendly activities and expand the impact of them where possible. We are keen to hear from older residents and their families to tell us how we are doing and where there is room for improvement.

Please take a moment to think about the following questions and then either telephone, email or drop off the form to our Clerk with your views.

- 1. Which activities do you currently attend and enjoy?

- 2. What other activities would you like to attend if they were available?

- 4. Would you like to be more involved in the community and have an influence e.g. on decision making or volunteering?

- 5. Is there anything else you'd like to tell us?
